Dear patient,

We have recently opened a secure portal called IQHealth. This is a webpage that is the basis for provider to patient interaction. This is a site where patients can view their medical record, request medication refills and message their provider.

If you would like to register for this communication system please fill out the following information. You will receive an email with instructions on how to access IQHealth.

If you have any issues or questions regarding the instructions, please contact Cerner Client Care at 1-877-621-8014.
